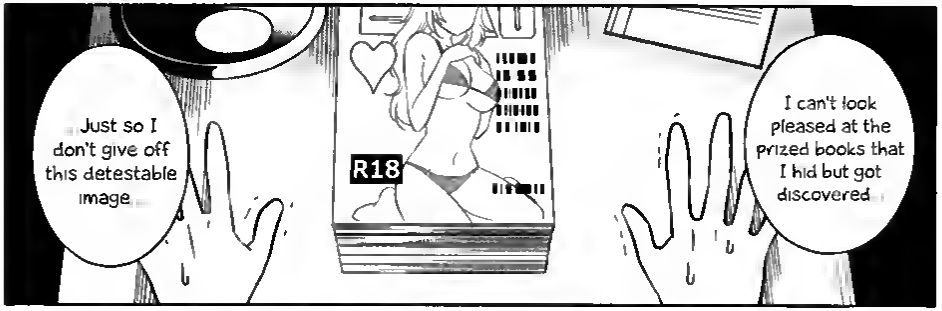
...Mother... Why did you just have to clean my room today...



...Just so I don't give off this detestable image...
R18
I can't look pleased at the prized books that I hid but got discovered...

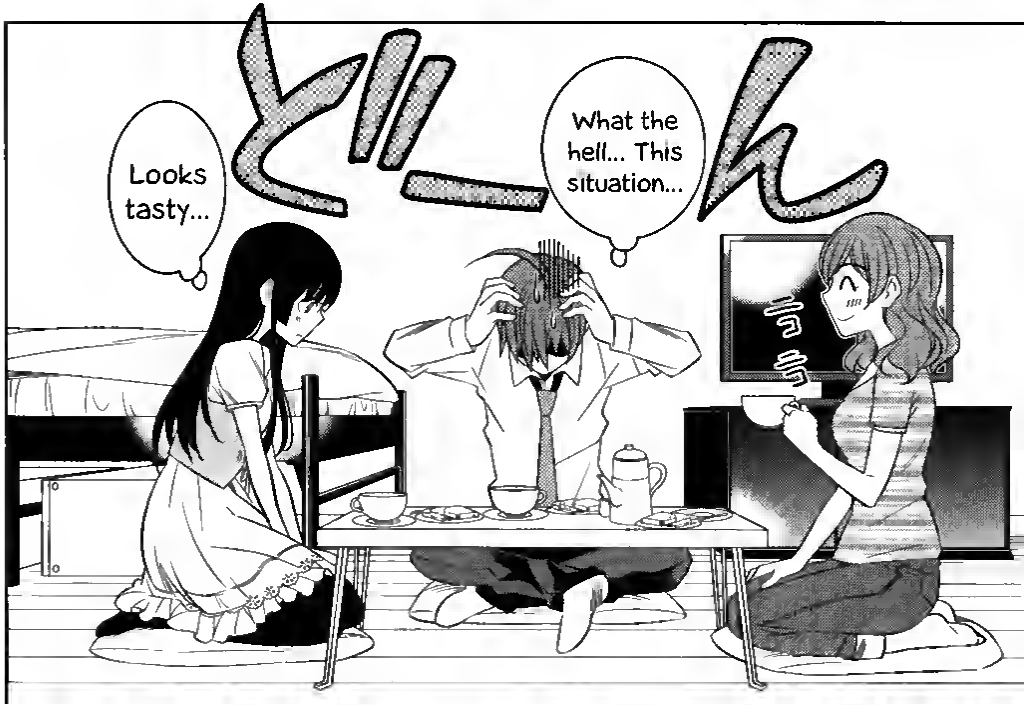
NOOOO!!!
AND COULD YOU NOT HAVE PLACED IT ALL LINED UP..?!!!
?

I... I need to somehow hide them in a place where the Captain won't find them..
I'm coming innn!!
Sorry dear!! Since this kiddo didn't even send any message--
...I don't have anything else apart from these, so...
That... I'm terribly sorry as well for coming so abruptly.
And also, don't mind me...

Okay! Anyways, sit! Sit!

Oh no!! Rather, you came at the perfect time!!

C-Could it be that mother intends to sit here too?!
Why is it a serving for three?



Looks tasty...
What the hell... This situation...

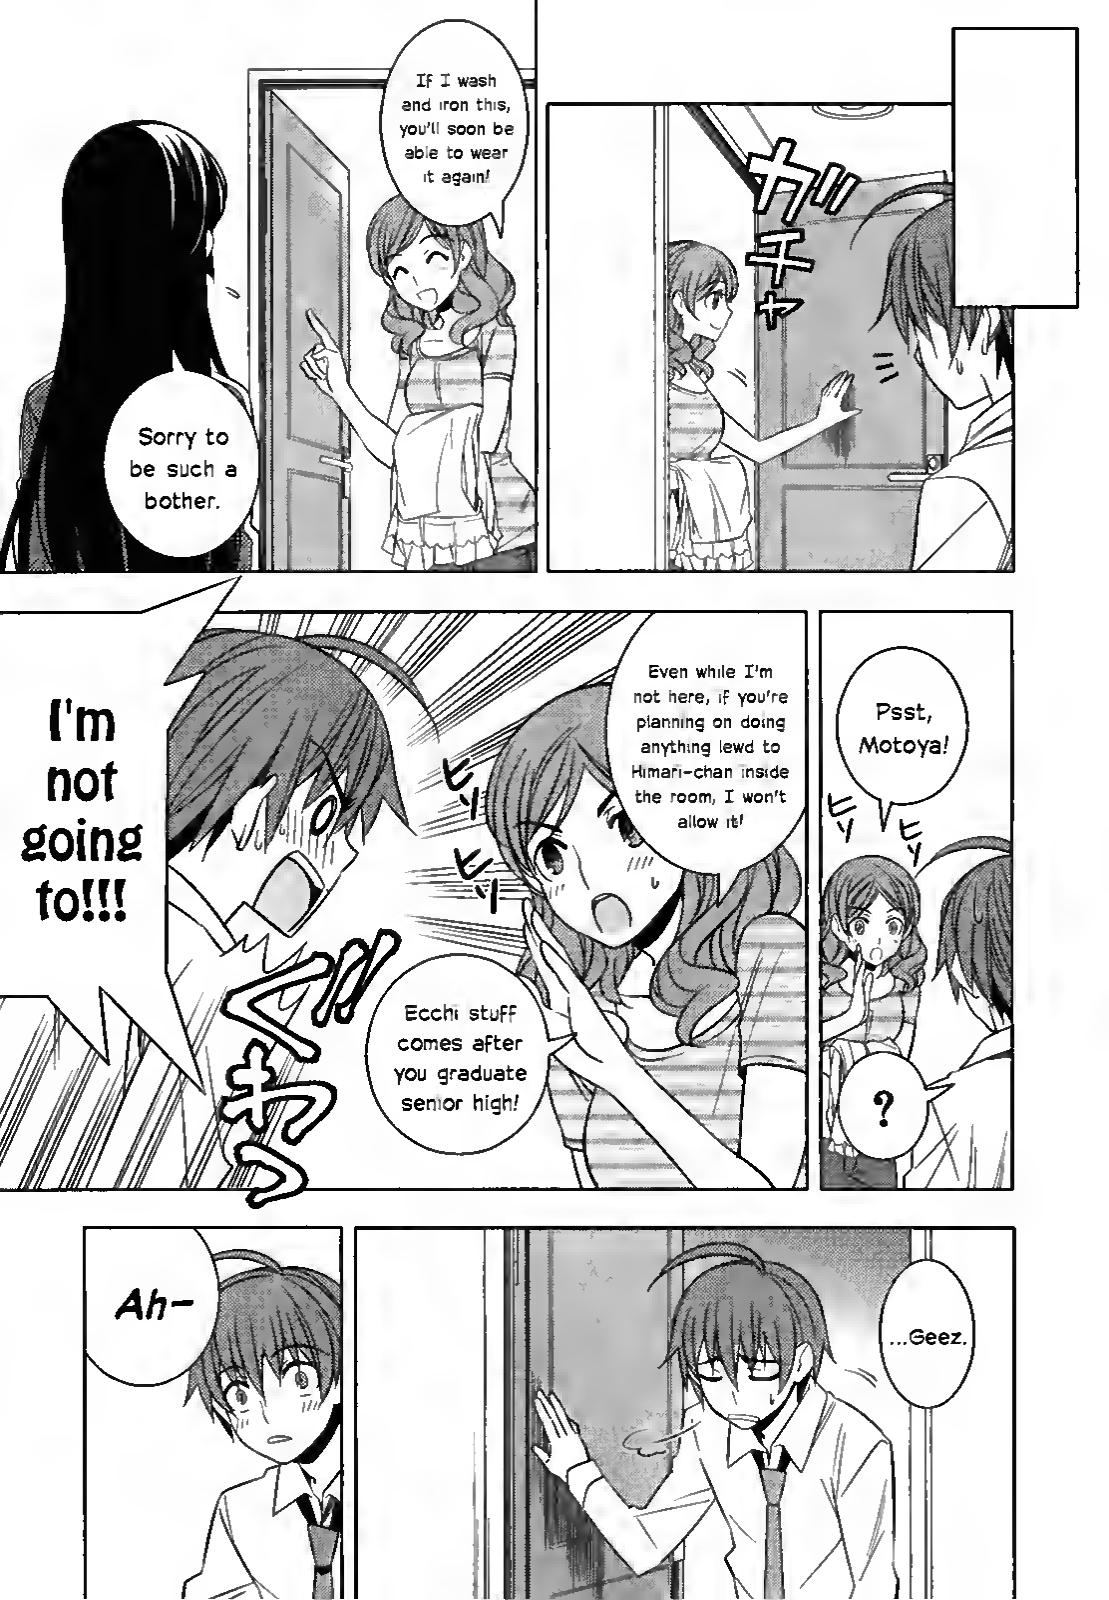
Yeah.. And about Yuri-chan, she's also this kid's cousin, hmm~
If it's this kiddo, you can say that he's quite the late bloomer and not cool at all with the girls The only person who drops by is Yuri-chan...
Okay already mother, just get out!
Y-Yes...
It's actually the first time a girl's come to our house you know..!
Haa...
Although these treats were made by the confectionary shop owner in the neighbourhood, I highly recommend you try them!
Eat it! Eat it!!
Geez... What the heck are you doing...
Ohhh myyy..!
Ah-

That's probably going to leave a stain, huh...
It's not an issue.

In that case, if Captain leaves to get changed, during that time, those books of mine...

Erm... I-If you could just change in the bathroo-

What are you looking at! Get out!!
W-Why me..?!



If I wash and iron this, you'll soon be able to wear it again!
Sorry to be such a bother.
カリカリ
Even while I'm not here, if you're planning on doing anything lewd to Himari-chan inside the room, I won't allow it!
I'm not going to!!!
ヒソヒソ
Ecchi stuff comes after you graduate senior high!
Psst, Motoya!
ヒソヒソ
?
Ah-
...Geez.

She's a slim person, isn't she...
It's quite baggy...
...The spot that sticks out is sticking out, but...
I'm sorry about mother and all...
Oh no. You have quite the wonderful mother, don't you?

Eh?
……
You're offering to share the same mother, or in other words, you are *proposing?*
Yeah, probably... Want me to give her to you? If you so wish.
Give her?
...Haa...
...That's a relief.
Your courting can't be accepted by somebody who serves as your superior officer.
Wron... That's not what I meant!! I'm so sorry!!
And also... Your disposition is somewhat unique, so to speak—
?
チラ…

Gyaaa!!!
Whether *that* sort of thing is possible, I wouldn't know how since I lack the experience...
Slightly abnormal preferences are not recommended for troops with formalized organizational conduct
If continual improvement is possible, I believe it's best that one should, however
I-I'm definitely normal!!!
I-It's not what you think! I was forced to buy that one and bring it back..!

Here! This sort of thing is what's mine!!
ドン
ドーン
ガアア
...probably something wonderful, isn't it...
...T-That is...
ドーン
R18
S-Sorry!!
Anyways! That! Hurry and put it away, please!!

That's awesome hearing that my misunderstanding's been solved.

I'm relieved.

?

And also, I...

...I want to meet that person and express my gratitude.

And that's of course saying that a wish like mar... marriage is probably not going to happen however...
...There is someone I think of dearly.

スッ
That person saved me from the depths of my despair.
He gave me a reason to once again keep living.
...The person who gave you that strap?
...That's correct.
The same thing as this strap...

W-What could that be...

The battle will begin very soon A battle where our lives will be wagered
There's one thing I want to ask before that though...

コホン…

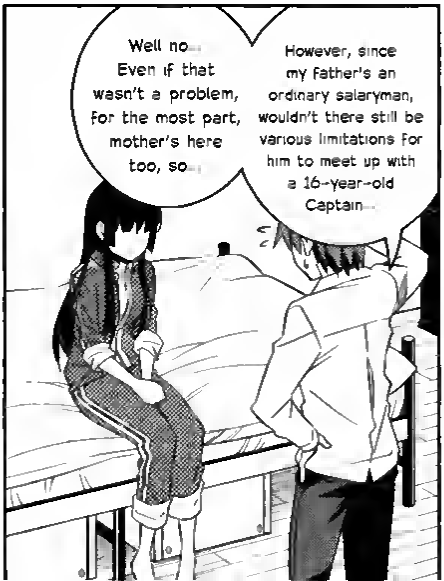
I was wondering if I could meet with your father, but...
...Right now, where is he?

Er... Erm...

Umm... I think he's at his company, but...
Since it's the daytime of an ordinary day...

...I've been wondering if the person who gave me this strap could've possibly been your father...
So I was wondering if I could confirm...
カルワ〜〜
W-What's wrong?

Sign: Stepmother



Well no... Even if that wasn't a problem, for the most part, mother's here too, so...
However, since my father's an ordinary salaryman, wouldn't there still be various limitations for him to meet up with a 16-year-old Captain...

I'm sensing an awful image...
ギュッ!
Well if that happened...
Ah!
ポン
That so? I guess you're right, huh...
And also, we've still not yet concluded whether the one who gave this strap to me is your father!
ミオミユキ
Oh yeah, old photos are fine too, right...
Ermm... Father... Father...
That's it! Photos! If you tried looking at our photos...

TL Note: It's good to note that the exact word she used for "different" was "incorrect", in the sense that it's not according to what she had expected. As well, she says the second bubble politely.

Sorry about that...
スーン
...Still wrong... Regardless...

As for you, I was certain I felt traces too...

くるっ
Sorry...

Erm... Will this battle... really occur?
……
Isn't it fine anyway if I said that you'd be our teammate?
The invasion to the second floor is a finalized matter
"Second floor"...

Inside the tower, please cast aside all of what you may consider to be common sense.
The tower's size is completely different than what you see from the outside.

We're going to destroy the floor and ceiling?

As we invade inside,
we will destroy specific points on the floor and ceiling.

That's right. And from that, the second floor will...

...From that, the Irregulars will...

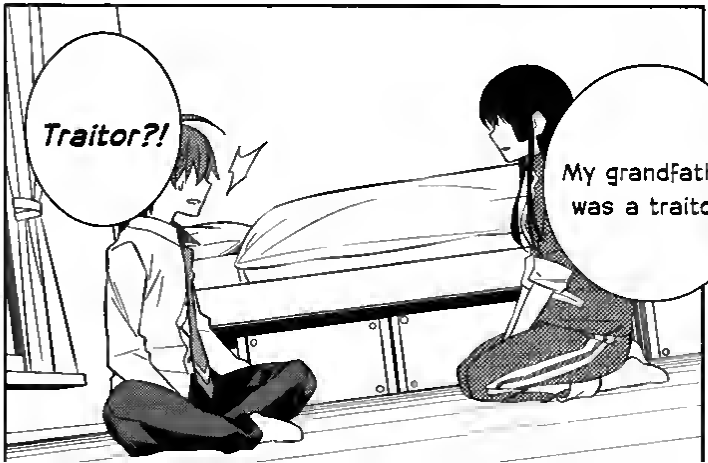
...Even our enemies will possess intellect and wield weapons.
...It will be a battlefield.

U-Um...

.....
This big duty is for the sake of Japan.
But personally I fight for the sake of clearing my grandfather's tainted name.

Captain, why are you fighting?

"Grandfather's tainted name"...



Traitor?!

My grandfather was a traitor.

...By going inside the tower...

He plotted a rebellion to go against the great ruler,
and he was pursued for being a rebel.

"Being pursued"...

He still has not been captured.
My grandfather, together with his directly supervised forces, vanished from the face of this Earth.

Traitor..?
……

T-
This is...
Dreadfully aggressive thoughts.
Wha..?!
There was something similar in the past too
At that time the Irregulars came and invaded the first floor...

YES!!

We must hurry back quickly!!

Understood!

ヒロイン

That reminds me, I heard you left the school?
Yeah. It seems military civilians are allowed to leave. Yuri should be fine too, huh?
Okay, then when we return, if the battle results in us being able to go home even once, I won't refuse! Definitely!
Um, say... I can tell that you're totally all worked up. Be careful
It's fine! I'm different than you Motoya! Although I wasn't able to get transplanted with stuff like battle experience.
...I'm fine since I received treatment for locking up fear!

Invade.
